

# FRT | TUF-BAR®

FIBERGLASS REBAR TECHNOLOGY LTD.

## Turnkey Fiberglass Rebar Manufacturing

"Our mandate is to develop technology and license plants in North America and throughout the world. We tackle complex challenges, continuously driving innovation and setting new industry standards."

BUILDING THE WORLD TO LAST

Turnkey Factory  
Solution to  
Manufacture  
Fiberglass Rebar

Meets the Standards  
and Codes of:

ASTM CSA ACI AASHTO

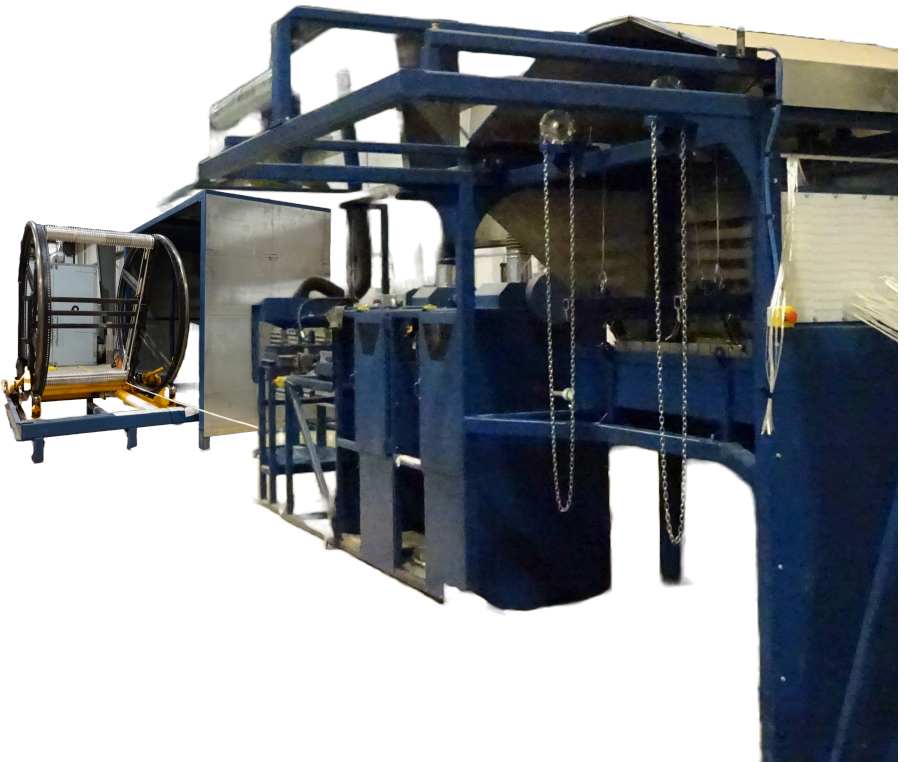

# What We Offer :

## Turnkey Factory Solution

Fully integrated manufacturing setup ready to produce fiberglass rebar in under a year. Proprietary high speed machinery designed for reliability and ease of use. Comprehensive support: Training, ISO certification assistance, and ongoing technical upgrades.

## Global Compliance

Our fiberglass rebar meets international standards including ASTM, ACI, and AASHTO. Tested for durability, tensile strength, and performance to deliver unmatched quality.

# What We Offer :

## Machinery

- High Speed Production
- Straight & Bend Lines
- Lab Test Equipment

## Support

- Engineering
- Product Development
- Product Qualification
- Plant Certification
- Training & Support

## Manufacturing

- Licensed Mfg Plant
- Proprietary Process
- Certified Standards

**Meets the Standards  
and Codes of:**

**ASTM CSA ACI AASHTO**

## Manufacturing Plant

- ▶ High Speed Machinery
- ▶ Fully Automated
- ▶ Meets Global Standards
- ▶ Low Labour
- ▶ High Production Capacity
- ▶ On-site Test Equipment
- ▶ Low Maintenance
